PREVENTATIVE  
CARE  
AND WHY IT  
MATTERS

TUESDAY MARCH 17, 2020

5:30 PM

250 Clark Street  
Powassan, ON

Gain basic knowledge of publicly funded preventative care and how to access them. This presentation will have an overview of paps, mammograms, colorectal screening and bone mineral density tests. Those without a Physician are encouraged to attend. A team of professionals will be there ready to answer any questions.
